Again Davy Brain pulled off a one-handed stop that brought the crowd to its feet. Lavy seems to have a penchant for pulling the game out of the fire. He also seems to have it in for catchers. Saturday he robbed Johnny King of a hit that looked good for two bases, and yesterday he gobled Kling's terrific grounder in the third inning with his goved mitt.

The play was of the sensational variety and roubed Chicago of a possible run, as Slagle, one of the fleetest men in baseball, was on first and orgging his trade marks in the base lines. Brain, however, made the play in time to head off Chance at first, and Jimmy perched himself on second afraid to take any chances on going toward Brain, as no one knows just what kind of a play Dayy is liable to pull off on an opposing player.

The East St. Louis Horseman Has Won More Money at the Florissent Track Than Any Other Horseman.

The most important event of the Kin-loch meeting, the Mound City Derby, will be carded next Saturday. The race closed with forty-two nominations, and from present indications about an even dozen 3-year-olds will journey a mile and an eighth for the richest prize offered at the Florrisant Valley track.

The association will add \$2.00 to the race. Fixuring on a bass of twelve starters, the owner of the horse which finishes first will receive a silken bag containing \$2.50.

The probable starters will be: Price's ch. c. Barkelmore. Myers's b. s. Bank Street. Street and J. R. Keene's b. f. Bird W. Street and J. R. Keene's b. f. Brush

Gill Summer's b. g. Superio.

There is considerable importance attached to the Kinioch Derby, as most of the candidates are eligible for the blue-ribbon event at the Pair Giounds, and are also candidates for the American Derby in Chicago. Doctor Street's heries, Birch Broom and Brush By, are being specially "prepped" by their owner and trainer, "Doc" Street. Amos Turney, who will start both Catechies and Blue Grass Girl in the Mound City Derby, does not hesitate to tell his friends that his pair are ready, and will land the initial derby in St. Louis this season.

his friends that his pair are ready, and will land the initial derby in St. Louis this season.

Turney is a capable trainer, and his predictions may be verified.

Burrows's colt, Action, ran some creditable races in San Francisco during the winter, and may be one of the contenders. He will face the flag this afternoon, and the students of form will then get a chance to judge of his merits.

Charley's Dream, by King Eric out of Edna L. will carry K. Stone's collers in the Derby. This colt is reputed to be a speed marvel, and likes a route. If the youngster inherits the staining of his sire, he will surely be knocking at the door when the winning numbers are displayed.

John Bratton's filly, Crime, showed a lot of speed the first day of the meeting, when she ran second to Doctor Kammerer. Tommy Dean will have the mount on Crime, and as he is one of the best boys at the track, the Bratton candidate must be given consideration.

Barney Schreiber will positively start Deutschland, The Sain colt did not show a disposition to go a route in Frisco, but the "Master of Woodhands" thinks that all of the Sains will go as far as they are asked, and next Saturday Deutschland may surprise the racing statisticians who will figure the colt's Pacific-Coast form. Schreiber also has Mindora and Sigmund entered in this Derby, but it is believed that he will pin his failth to the Sain-Derfargilla colt.

If Almiess can carry her speed she should win the second race from Charles D. Charles looks the best, however, though he is a slow beginner. Bank Street went well tast time out over a sprint and should be very close at the finish in the second race to-day.

Deutschland and Brush By are best in the handicap. It is a two-horse race and the winner will be hard to pick. Deutchland is very fast, but will scarce stay as well as Doctor Street's mare. At the Broadway Billiard Hall to-night Grant Eby, the world's champlon pool player, and "Kid" Hueston, the local Jamplon, will begin their special match for the title. The conditions of the match call for a side bet of \$500. The men are to play six games in blocks of 200 points.

This is their second meeting. In the former bout Eby defeated Hueston in a rather easy manner, running up 700 points to the local man's 614.

Hueston, however, was dissatisfied with the result of the match, and has ever since sought a return match with the champion.

LIPTON DESCRIBES ACCIDENT.

Completely Bewildered by the Shock-He Will Provide for Family of the Drowned Sailer.

Weymouth, England, April 19.-The two Shamrocks left here to-day at noon for Southampton. The challenger was towed by

the Erin.

the Erin.

Sir Thomas Lipton was interviewed this morning before the departure of the yachts. Describing the accident of last week, he said:

"When the challenger lost her mast there was certainly six feet of water over her lee deck. My first impression, when the mast went, was that the boat was sinking. Later, when I was able to scramble up on deck, I found everything gone and the boats out doing rescue work. I never saw the seaman Coller in the water."

SIR THOMAS BEWILDERED. SIR THOMAS BEWILDERED.

SIR THOMAS BEWILDERED,
Sir Thomas was bewildered by the suddenness of the accident, and said that what immediately followed seemed to him like the confused remembrance of a gream.
Questioned as to his future course, he said he meant to work day and night to get the yacht\_refitted in time for further trials before sailing for New York. His desire was to avoid a postponement of the races.
Mr. Ward, Designer Fife and Captain Wringe have had a conference and nave promised to put the challenger in racing trim again in three weeks. It will be a big job. Designer Fife has condemned the boom, gaff mast and topsall spars of the yacht, and they will all be removed, as will the sails.

NO POSTPONEMENT.

NO POSTPONEMENT.

The decision against postponement of the races was reached last night, after a long consultation, and this morning Sir Thomas sent the following cablegram to G. A. Cormack, secretary of the New York Yacht Club: "I am pleased to inform you that the damage to the Shamrock III will be righted in three or four weeks. There will be no necessity of considering the question of a rostponement. Please communicate this to your committee and also convey my warmest thanks for their expressions of sympathy."

Sir Thomas said he saw nothing in the recent accident to lessen the great confidence he felt in the Shamrock III. "If racers are to be built." he said, "there must be some risk. If we build a vessel as safe as a liner we might as well keep her at home for any chance she would have of winning the cup."

Designer Fife took the same view. He

has never appeared so confident as he is now.

BODY NOT RECOVERED.

The hody of Collier has not been recovered. Sir Thomas Lipton has offered a reward for its recovery and has made provision for Collier's wife and child.

The wrecked spars of the challenger were lifted to the quay to-day. Many eight-seers were present to view the wreckage. The shell of the mast was of extraordinary thinness, being of 3-18-inch nicket steet. The length of the mast was 105 feet and its greatest diameter 27 inches. That the metal was very tough is evidenced by the fact that it had bent and rebent in various places without breaking.

It is believed that the next trial races will take place on the Clyde in a month's time. Interest in the Olympian Games.

The presence in this city of Secretary James Sullivan of the Amateur Athletic Association has aroused increased interest in the Olympian games which will be conducted next year as attractions at the World's Fair. Mr. Sullivan is here to look over the ground and will remain in the city for several days.

Some definite information concerning the prospects for the contests and the programme to be made out will likely be given forth shortly. The contests will be under the auspices of the A. A. U., and Mr. Sullivan is here to serve as the representative of that body.

Conferences with the local directors of athletics in the Western Branch. A. A. U., and with the directorate of the Pair will be held in the course of his stay, here. The director in charge of the games will probably be made known in the near future.

Mr. Sullivan was a visitor at the ball park yesterday.

W. V. Thompson and Pflueger to Ap-Local rowing clubs are preparing for the coming season and the crews of the institutions are being worked slowly in preparation for the summer's events. In the senior crew of the Centrals Tebeau will serve as stroke. Roth as No. 2, Petachonek as No. 2 and Beel as bow. The wnior crew will be made up of Buchanan, Flourcke. Brannan and Meyers. The second junior crew will be composed of Morehouse, Whittemeyer, McGuire and Muhn. The Agne brothers will compete in the singles and doubles.

The Centrals have just received a new four-oared shell from New York, and the boat is said to be a distinct improvement over their former equipment.
